DO YOU LOVE BIKES?

but are BORED with what commercial America has to offer? You DON'T have to settle for an expensive, boring ride anymore! A new club is looking for some excited cyclists who want to FREAK OUT their rides (and maybe their neighbors). Sick of SUVs blocking the landscape? See OVER Them with a TALLBIKE! I bet you know where some old bikes are RIGHT NOW - we'll even help you put it together! Join a growing group of garage hackers who like to RIDE DIFFERENT! Tallbikes, Choppers, Freakbikes, Artbikes, Highwheelers, or maybe some crazy Mad Max apocalypse-mobile with machine guns - hey, whatever turns your crank - we'll help make it happen.
